

# How Can I Study Vocabulary?

There are many ways to practice vocabulary. Try these tips to help boost those vocabulary skills!

## **Draw pictures:**

That's right--even pictures can help us learn! Draw a picture of the word. Say the word out loud and look at the picture. You can even test yourself by looking at the picture and say the word.

## **Write sentences:**

Use the vocabulary word to make a sentence. How can you use the word? Is it an action? Is it a thing? Does it tell us how?

Try to write three different sentences with the vocabulary word.

## **Find the word:**

Look at your reading book. Where do you see the word? What do you think it means in the sentence?

## **Matching:**

You can always match the English and Korean words by making flash cards (English one side, Korean one side).
